

Father's Joy celebrates its twelfth year of helping families and prospective families who have children with disabilities. Father's Joy's programs are supported entirely by this annual golf tournament. Some of our programs include educational conferences for parents, educators, medical professionals and attorneys; nationwide distribution of written and video materials that are a source of hope and encouragement for families; helping to bring inclusive education to public and private schools; and mission trips to other parts of the world to educate and encourage parents and educators of children with disabilities. You can be part of helping the many families touched by Father's Joy by signing up for one of our sponsorship opportunities below. On behalf of these children and families, we appreciate your support!
